HB164 (Rep. Cutler)	Early Childhood Task Force	This bill creates a task force to review early learning in Utah and make policy recommendations on how to increase kindergarten readiness. Senator Millner passed a bill last year that required the Department of Workforce Services to conduct a comprehensive study on early childhood services in the state. The Task Force will use the study as a framework and will review early learning in Utah. Members of the Task Force include: 3 senators, 3 representatives, 1 member of the State Board of Education, the state superintendent, and the director of the Office of Child Care. HB235 (Rep. Cutler)	Family School Partnership	This bill creates the family school partnership pilot program for elementary schools (defined as a school with K-3) that have the highest rate of students absent at least 10% of the school year. The pilot is a five year grant program that would provide funds to do home visits for students grade 3 and below. The first visit would be focused on building a relationship and the second would be focused on academic success. Evaluation of the program would focus on student attendance, family engagement, and any other factor determined by USBE. Grant funds received through the program must be matched by the school.	Died	\$345,200 ongoing and \$5,000 one time	Support
HB239 (Rep. Ward)	Financial Literacy Amendments	This bill amends the financial and economic literacy class for public high school students that is a requirement for graduation. The bill requires the State Board of Education to adopt standards and objectives for a general financial literacy course that addresses: the cost of going to college, student loans, scholarships, and the Free Application for Federal Student Aid (FAFSA), and technology that relates to banking, savings, and financial products. Requires that USBE contract with an entity to develop and maintain and online, end of course assessment for the course. The end of course assessment must analyze the results, provide online resources for students to prepare for the assessment, and take practice tests.	Died	\$50,000 One Time	Monitor
HB264 (Rep. Eliason)	Elementary School Counselor Program	This bill creates a grants program to fund school-based counselors and social workers in elementary schools. Priority will be given to schools with a high percent of students exhibiting risk factors for childhood trauma, and second to schools with a high percent of students experiencing intergenerational poverty. Matching funds are required.	Passed	\$2.1 million ongoing	Support

HB 319 (Rep Chavez-Houck)	Early Care and Learning Coordination Amendments	<p>Following recommendations offered by the Early Childhood Services Report sponsored by Senator Millner (SB100, 2017) this bill creates the Governor's Early Childhood Council, a high-level, interagency, public-private governing body to identify opportunities for, and address barriers to, the coordination of federal and state early childhood policies and procedures that affect the health and well-being of Utah's children between the ages of 0 and 5 years. This governing body will establish and facilitate a comprehensive service delivery system for children using data to improve policy decision-making, alignment, and coordination among federally funded and state-funded services. At a minimum, the comprehensive service delivery system for children shall include services in the areas of: family support and safety; health and development; early learning; and economic stability. The bill also makes Early Childhood Utah an official advisory council.</p>	Died	\$5,500 ongoing	Support
HB380 (Rep Last)	Utah School Readiness Initiative Amendments	<p>This bill amends the Utah School Readiness initiative. It moves the program to the Department of Workforce Services, who is already responsible for other early childhood programming. To ensure programs are targeting our most at risk students, eligible student is defined as: eligible for free or reduced lunch AND having one or more risk factors (according to parental reporting). Allows proven programs to receive direct contracts for providing services, while still holding them accountable to performance outcomes, and creates a consistent school readiness assessment to help providers understand where each student starts school.</p>	Passed	\$0	Support
SB104 (Sen Millner)	Talent Development and Retention Strategy	<p>This bill creates a program to provide an incentive loan to a student who intends to work in a job that has been identified by the Governor's Office of Economic Development to have high demand for new employees and offers high wages. The loans are for the cost of resident tuition, fees, and books for the number of credit hours enrolled. Repayment of the loan is waived for each year a recipient works in a qualifying job in Utah after completing the degree. If a recipient does not graduate within six years of receiving the loan, or does not get a qualifying job, the loan must be repaid.</p>	Passed	\$2.5 million one time	Support
SB131 (Sen Millner)	Talent Ready Utah Amendments	<p>This bill creates the Talent Ready Utah Center within the Governor's Office of Economic Development (GOED) and the Talent Ready Utah Board. The purpose of the Center is to coordinate with the board to bring greater alignment with education and industry. Specific areas of work include: the development of new education programs that align with industry demand, coordination or partnering with other state agencies to administer grant programs, promoting the inclusion of industry partners in education, providing outreach and information to employers regarding workforce programs and initiatives, development of and analyzing stackable credential programs, determining efficiencies among workforce providers, mapping available workforce programs focusing on programs that successfully create high-paying jobs.</p>	Passed	\$250,000 ongoing \$150,000 one time	Support

SB194 (Sen. Millner)	Early Literacy Program	This bill increases expectations for student performance, requires LEA's to identify two specific, measurable, data-based yearly goals along with accompanying strategies that will be used to improve identified areas of growth, broadens instructional scope by adding oral language and writing to the areas of focus, increases clarity in aligning interventions to students' diagnosed needs, creates an evidence based system of supports for LEAs who fail to achieve the growth target. SB202 (Sen. Escamilla)	After School Program Amendments	This bill is a follow up from a bill passed in 2016 setting standards for afterschool programs and requiring a study to look at after school programs and quality improvement. This bill creates a quality improvement grant using the research-based interventions and recommendations as outlined in the study. It also requires data collection, which will allow USBE to evaluate outcomes in the aggregate form.	Passed	\$125,000 one time	Support
Funding Request	UtahFutures	UtahFutures is an online web portal aimed at supporting education planning and career exploration, helping students plot their individual paths to and through education programs and fulfilling careers. Established with a limited set of tools in 2009, today's portal is packed with resources supporting over 170,000 users, and that number continues to grow each month. Several state agencies collaborated to create UtahFutures, which matches people with careers using streamlined self-assessment tools and personalized career road maps. It also supports school counselors and career advisors as they work with students to help them discover skills, abilities and interests that fit the work environments and economic factors unique to Utah. HB325 (Rep. Eliason)	Primary Care Network Amendments	This bill requires the Department of Health to seek a federal waiver to provide enhanced benefits for adults with dependent children and, if funding is available, adults without dependent children who are on the Primary Care Network program (PCN). The enhanced benefits include diagnostic testing and procedures, medical specialty care, inpatient hospital services, outpatient hospital services and outpatient behavioral health care, including outpatient substance abuse care. The program will be paid for through a hospital assessment, and a portion of the growth in the state's revenue from alcohol and tobacco taxes.	Passed	\$5.9 million	Monitor

HB472 (Rep. Spendlove)	Medicaid Expansion Revisions	This bill directs the Department of Health to apply for a waiver to expand Medicaid to 100% FPL based on a 90/10 federal to state match rate. If a waiver is accepted, Medicaid will be provided through a managed care model, includes a work requirement, allows the state to cap the program if the state doesn't have the budget to cover its portion, and funds this through a hospital assessment and repurposing existing funding for Medicaid.	Passed	\$0	Monitor
SB48 (Sen. Christensen)	Medicaid Waiting Period Amendments	This bill would require Utah to reinstate the five year waiting period for lawfully-residing children to be eligible for CHIP or Medicaid. Around 500 immigrant children would lose their health care coverage.	Died	\$0	Oppose
SB161 (Sen. Escamilla)	Nurse Home Visiting Pay -for-Success Program	This bill creates an evidence-based nurse home visiting pay-for-success program within the Department of Health.	Passed	Around \$1 million ongoing	Monitor
SB172 (Sen. Hemmert)	Medicaid Waiver Amendments	This bill requires the Department of Health to seek a federal waiver for a per capita block grant for all or a portion of the Medicaid program so that the state can control the types of services provided, the manner in which services are delivered and paid for , eligibility requirements and enrollee cost sharing. The department must also implement, or seek a waiver to implement, work and community engagement requirements for all groups except for children, pregnant women or the disabled, incorporate one or more direct primary care payment models, implement a two month limit on retroactive eligibility, develop a medical savings account program for enrollees. If the block grant is not granted, the other requirements are to only be implemented if the federal matching funds are at or greater than the federal medical assistance percentage. Before January 1, 2019 the department must have recommendations on creating a Medicaid waiver that would allow the state to limit Medicaid spending growth by limiting services to one or more groups.
