

Our Community

Cottonwood High School is a key part of South Salt Lake's cradle-to-career pipeline, assisting children from their early years through college graduation. Cottonwood High School serves approximately 1,300 students, 450 of whom live within the City of South Salt Lake. The school is a crossroads where diverse cultural economic communities meet. The student body includes speakers of 35 languages. 12 percent of students are refugees, and 18 percent are English Language Learners. 38 percent of students are eligible for free or reduced-price lunch.

Our Goal

All students have the right to a quality education. Our work is to cultivate a safe, positive, and accessible learning environment in which each student can develop the essential skills they need to become successful, ethical, and productive members of the global community.

Community Schools

A NEW WAY OF TACKLING OLD PROBLEMS

Community schools provide opportunities for children, families, and communities. Partners integrate education, health, basic needs, tutoring, afterschool programs, and more to ensure kids are on track to succeed in school.
