

TOP 10 REASONS

Why Utah 211 Matters

1. **For more than 10 years**, Utah 211 has connected people to resources and services such as rent and utility help, food assistance, and income support.
2. **More than 150,000 Utahns** receive help from 211 each year.
3. There are **more than 9,600 services offered across the state** through 211.
4. **More than 2,800 service providers** partner with Utah 211 to get people the help they need.
5. **211 is more than a phone number**. Utahns can be connected to resources in many ways such as text, email, live online chat, and app and web searches.
6. Volunteers can be connected to **meaningful service opportunities** in their communities through 211.
7. Information specialists go beyond providing resources for immediate needs. A **needs assessment** helps address a caller's root problem, better assisting them long-term.
8. 211 can be reached **24/7, 365 days a year**.
9. A **vast amount of data is housed through 211** that can identify disparities and gaps in service availability, to better inform the way resources and support systems are delivered to Utahns.
10. Utah 211 provides **disaster assistance** during hurricanes, wildfires, and other natural disasters to not only support other call centers during times of crisis, but get survivors back to living their lives faster.
